34. Attended the Ultimate Advances in Gynecology conference held at Renaissance Mumbai Convention Center Hotel from 15th-17th May 2015.

COMMUNICATION AND MANAGEMENT SKILLS

I possess excellent communication skills, especially in the areas of counseling patients and relatives, coordinating with colleagues and paramedical staff and multidisciplinary approach to patient care.

Guiding patients hailing from diverse nationalities and backgrounds, coordinating with their medical tourism companies, via email and telephone. Planning, coordinating and executing the treatment plan, economics and legal advice.

I am a team player and particularly excel at gaining the trust and respect of junior team members and motivating them to perform to the best of their capability. I also possess good administrative skills as regards organisation of rotas, distribution and allocation of duties, prioritisation and time management.

TEACHING EXPERIENCE

I have been responsible for directing, supervising and teaching junior colleagues and paramedical/nursing staff since an early stage in my career.

This includes supervision during outpatient clinics, ward work and surgeries performed on an elective and emergency basis. I have also been in charge of formal and informal teaching sessions for medical and nursing students.

IT SKILLS

I am proficient in Windows and Office software. I have good knowledge of both Windows and Mac operating systems and computer hardware.
